DETAILED ACTION

Claim Rejections - 35 USC § 112

Claims 1-2, 7-8,10, 12-23 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. It isn't clear as to what the inflatable portion is. Only the tubes are inflatable in the invention. It isn't clear as to what the apertures between the ankle and sole portions are in reference to. It isn't clear as to what the non-inflatable portion is in reference to. It isn't clear as to what the non-inflatable parts are in reference to. It is clear how the non-inflatable part extends only in the direction transverse to the circumferential direction.

Claims 1-2,7-8,10, 12-23 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, it isn't clear as to what the inflatable portion is in reference to. In claim 1, it isn't clear as to what the apertures between the ankle and sole portions are in reference to. In claim 1, it isn't clear at to what the non-inflatable portions are in reference to. In claim 19, it isn't clear as to how the non-inflatable parts extend in the direction transverse to the circumferential direction.
